Hello Frederick,

Thank you for applying to the Genetics Society of America's Early Career Scientist Leadership Program. Looking over your application materials, we feel that you are an excellent fit for our program! We would like to place you on the Steering sub-committee.

Please review the general guidelines for the ECS Leadership Program [here](#). The sub-committee co-chairs will reach out to you in the next few days to begin scheduling the first meeting in February.

We look forward to your participation in the program!

Best,  
Erin

Greetings, Erin,

I believe that I haven't received a message from the co-chairs. Is there an email address at which I should write them?

Thanks again,  
fred

Hi Fred,

I'm so sorry for the delay. I've been sick (and home with sick kids) the past two weeks and fallen way behind on the Leadership Program. The subcommittee co-chairs have been on hold because of me. I'll try to move forward on the next step in the next few days.

Best,

Erin
