Dear Frederick,

We are so excited to have you as a new member of the GSA ECS steering committee! We will start the process of onboarding (getting you familiar with the program) through Slack. Let us know if you have been able to get set up on our two Slack channels (<http://ecsscleadership.slack.com> and gsaleaders.slack.com) yet. **Please join the Slack channels by Wed, February 19th.** If you need any help feel free to email us and we will get you set up.

Our goals for February are:

1) Get you familiar with the projects the Steering Committee:

Science in a Snapshot web seminar (2 years old)

Mark your calendars the next seminar will be Feb 21st 1-2pm EST

Virtual Cafe (Launching this year!)

We will get everyone a role that will be the same for these two projects.

Please let the co-chairs know your 1-4 preferences of the following roles by February 28th 5:00PM EST.

Speaker relations and Evaluations

Project Manager

Promo & marketing

Event logistics

[Please find descriptions of the roles here](#)

These roles will rotate every 4 months to give everyone a chance to experience the entire process.

2) Get you paired with subcommittees.

This year we will pair you with the liaisons from the three subcommittees (Career Development Subcommittee; Communication and Outreach Subcommittee; and Policy Subcommittee). This will give you a chance to not only work with us but extend your network with these other great groups.

Your role with these subcommittees will be to get a sense of what they are working on and how we can help. You will give a short update (~5 min) at each of the Steering committee monthly meetings.

Please let the co-chairs know your 1-3 preference for which sub-committee you would like to work with by February 28th 5:00PM EST.

Career Development Subcommittee

Communication and Outreach Subcommittee

Policy Subcommittee

3) Set up a date and time for our March Steering committee meeting

We currently have a recurring date of the first Wednesday at 1:05pm- 1:50pm EST. Please let the co-chairs know if this date time works for you. If it does not we will use surveymonkey to find a time that works for everyone.

During our committee meeting at the beginning of March we will introduce you to the amazing tool of smartsheets.

So excited to work with you over this next year,
Gavin, co-chair

Thank you, Gavin!

I just now tried to join the ecsscleadership slack, but I got an error message stating that frederick.boehm@gmail.com doesn't have an account with that workspace. Can you help with fixing this?

I haven't yet tried to access the gsaleaders slack site.

Also, regarding the steering committee meeting time, I typically have a weekly meeting from 1 to 2:30pm (Eastern time) on Wednesdays. Would we be able to find another meeting time for March?

I'll look at the subcommittees and the project roles in the next few days and get back to you then.

Thanks again!

fred

Hi Fred,
That was my bad. I just sent a Slack request let me know if you got it. Thanks for letting me know about the meeting time, I'll send a surveymonkey poll soon.

Best,
Gavin

Hi, Gavin,

I believe that I didn't receive the slack invite. Can you send it again? Should it arrive as an email?

Thanks!

fred

Hi Fred,

It should arrive as an email from Slack. Let me know if it doesn't go through. I attempted to resend it again but it says there is already an open invite.

Erin

Hi, Erin,

Sorry - I haven't received it. It was sent to frederick.boehm@gmail.com, right?

I searched my gmail account's spam for it, but I haven't found anything from slack.

Is there another way that I can log in to the slack site?

Thanks again,

fred

Hi Fred,

Sorry for all the hassle! I was able to successfully resend the invitation to Frederick.boehm@gmail.com.

In case that didn't work, here is a link to join the channel: https://join.slack.com/t/ecsscleadership/shared_invite/enQtOTM4NTQ4NTA3OTg2LWQ3YmEwZjE2N2M2ZDIxMGIwNTkyN2ZkNmRkMDgyZWMyN2Y0YTMwMTBjN2NkMTZkOTVhYzVmM2MxNzEwMjlmMTU

Hi Fred,
It might have gotten lost in my email/Slack but do you have your rankings for the project roles and committee assignments?

Cheers,
Gavin

Thanks for the reminder, Gavin.

Here are my project role rankings (with 1 being most preferred and 4 least):

1. *Speaker relations and Evaluations*
4. *Project Manager*
3. *Promo & marketing*
2. *Event logistics*

and here are my subcommittee rankings (1 most preferred, 3 least):

1. *Career Development Subcommittee*
2. *Communication and Outreach Subcommittee*
3. *Policy Subcommittee*

Thanks again!
